

No two customers are alike. Even within the same industry our customers are unique and present distinct needs. Rail gates versus truck-away, single temperature refrigeration versus multi-temperature, dock versus non-dock deliveries. The list of variables is long.

Kris-Way leverages our experience, expertise, and relationships with OEM's to create a final product specific to each customer.

Refrigerated customers require responsive customer service, correct specifications, and attention to detail. Our sense of urgency and reaction time sets us apart.

Kris-Way Refrigerated Customers Include

Performance Food Group, Sysco, Dunkin' Donuts, Hannaford, Native Maine Produce...

Kris-Way offers:

24 hour facilities and road service. Food distribution is a 24 hour job.

Refrigeration specific technicians factory trained by both Carrier and Thermo King.

Adequate substitute vehicles built around the needs of our lease customers and not the general public. Includes multi and low temperature units.

Local ownership and management. We offer quick decisions and access to decision makers that larger suppliers cannot offer.

Access to the latest technology and industry knowledge. Kris-Way works closely with the equipment manufacturers and leverages our NationLease connections.

Kris-Way provides our customers:

1. Reduced downtime.
2. Fleet management so you can focus on your core business.
3. A modern fleet with the correct specifications for their operation.
4. Driver training. Proper operation is crucial to refrigerated transport.
5. Vehicle financing.
6. Acquisition of vehicles and disposal of vehicles at the end of the term.
7. Access to over 700 locations in the US and Canada through NationaLease.
8. Vehicle washing promoting cleanliness and customer image.

Experience...Serving the best since 1978.
